**WELCOME! I am Director
Jenn Phinney and I am
happy to show you around
and answer any questions
you may have... let's get
started!**

To enter the building the key pad is right outside the main door.

Only staff and families have access to the building using a unique 6 digit code.

— You receive that code upon registration.

There is another set of doors and the key pad is on the right hand side.

Playground with lots of new toys and areas

The children go outside in the morning and afternoon depending on the weather.

With two separate play areas, one for infant and mobile infant and one for toddler-preschool age.

There is a shed on the side of the building with bikes, scooters, balls, and other equipment for the children to use.

The playground is completely fenced in.

Play, learn, and grow!

Gym

The gym is a shared space that the children use when the weather is poor.

The gym has equipment for all ages, and is utilized daily.

There is also another large gym space that the children use it is referred to as the activity room. .

Safety

Gym/Activity Room

Be Safe

- Control your body
- Use equipment and toys appropriately
- Be aware of others

Be Respectful

- Listen
- Treat toys and friends kindly

Be Responsible

- Put all toys away
- Be aware of others

Be Kind

- Share/take turns with toys
- Help a Friend
- Include others

There are signs throughout the building explaining our PBIS (positive behavioral interventions and supports) motives around the entire building. These signs explain how to be safe, respectful, responsible, and kind in each area of the building based on the activities that take place in that area.

All outside doors are alarmed. If a child or adult were to open a door (other than the front door) a very loud alarm sounds. All staff is trained to respond to these alarms within seconds.

Staff Accreditations

All leads are have either 6 credits in early childhood college courses or 9 CEU's in early childhood with at least one year experience.

All staff must complete 24 hours of continued professional development training a year, including first aide, CPR, safe sleep, blood borne pathogens, cultural diversity, responding to Covid-19 as well as limiting the spread of communicable diseases.

All staff are trained in the creative curriculum, the teaching strategies gold assessment tool, and ages and stages.

More Information

The center participates in fire drills, tornado drills, missing child drills as well as lock down.

We provide a snack in the morning and a snack in the afternoon for all children.

All of our classroom have waitlists, but we are more than happy to add you, just contact our office.

Current COVID pick up/drop off procedure

At this time we are allowing child care parents/guardians into the building to drop off and pick, however, parents are not allowed into the classroom. Each classroom has a doorbell that parents/guardians can ring to let the staff know they are here.

At pick up parents/guardians call the classroom ahead of time to let the staff member know they are on the way. This gives the staff member time to get the children ready and alleviates unnecessary hallways traffic.

Thank you!

Feel free to contact us with any questions. Once space is available the director will do a face to face tour of our facility.
